

12 August 2021

To the EFZ Members

We have noted the just released Government pronouncements on the double vaccination condition for Religious Gatherings. We are currently urgently deliberating as leaders on this statement after which a comprehensive response shall be given which will take into consideration, among other things:

- (a) Our acknowledgement of Government's desire to contain the COVID-19 pandemic
- (b) Our members' varying positions on COVID-19 vaccinations and
- (c) The unavailability of enough vaccines to cover at least 60% of the population.

As we consult and formulate a response, we covet your prayers for wisdom on our part.

Bishop N. Muparutsa
